For sowing dates for rice at the Madagascar sites (DD/MM/YYYY), the transplanting dates were mistakenly reported. The correct sowing dates were as follows:

**Pre-germinated seed was sown on 15/11/2009 and 20/11/2010 at Ivory and on 24/11/2009 and 27/11/2010 at Ambohitromby in a seedling nursery and transplanted 15–20 d after sowing.**

The authors sincerely apologize for this mistake.
